This schedule depicts all of our Full and Part-Time Help Desk employees and it provides a total of 40 weekly hours. Please note that while technicians each work on a specific campus, they can generally solve problems, provide information, and collect information over the phone regardless of their location. And often we are engaged in other tasks so leaving us a voicemail will get you a prompt reply. Please call us (304-929-6725) if you need assistance.
