This schedule depicts our Full and Part-Time IT and Library employees. Please note that while technicians each work on a specific campus, they can generally solve problems, provide information, and collect information over the phone regardless of their location. Often, we are engaged in other tasks too, so leaving us a voicemail will get you a prompt reply. Please call (304-929-6725) or email (itsupport@newriver.edu) us if you need assistance. We are also available for live chat sessions with Zoom, so look for us by name. **Italicized entries depict remote work schedules. Bold entries depict on-site hours.**
